

International Twin Town Competition

Last night saw the 12th Twin town competition hosted by Halstead & District Photographic Society between Halstead, Braintree & Colchester, and their twin towns Harboudin, Pierrefitte & Wetzler.

This annual competition is always a great way to see images from other clubs & nations and a rare positive from the covid-19 situation is that the use of zoom allowed the clubs from France & Germany to join us for the evening.

After judge Naomi Saul had skilfully and articulately appraised and awarded points for the images Colchester emerged the winners and I am happy to congratulate Roy Essery for being awarded image of the evening with his wonderful amusing image "Similarities"

My thanks go to all those who allow Colchester to use their images and the high standard we have come to expect from our members saw consistently high marks awarded.
