It would be good to have as many members as possible paying by BACS (last year it was over 95% of members). Please contact me if you wish to pay by cash or cheque.

Ideally, we would like to receive your subscription by the end of August. Our Constitution states that subscriptions should be received by the second meeting of the season (17th September for our 2024/2025 season). Any current members who has not paid by then could possibly lose their membership.

Nominated Club for the use of images for external competitions

It is usual practice when an individual joins more than one club to nominate which club has use of their images for external competitions. In the event that more than one club use images from one individual in a competition it can result in both clubs being disqualified from the competition. In order to avoid such circumstances and avoid embarrassment for you and CPS please answer the questions below.
